

March 20, 1939.

Mr. Harvey I. Spohn,
19 E. Main St.,
Palmyra, Pa.

Dear Sir:

Your letter of March 17th received. It was sent as a result of a visit made to you by Mr. Bob Rose of Harrisburg.

Mr. Rose was endeavoring to get the Palmyra Ball Park for the Negro National League to play some of their scheduled League games. In discussing the proposition originally, we were hoping it would be possible to play in Palmyra Saturday afternoons. From the tone of your letter that will not be possible, as I understand you to mean your Team plays at home every Saturday, is this correct? In this case we would only be able to play nights. Is the Park equipped with lights? If it would be possible to play any Saturdays, I would appreciate very much having you write me to that effect. I assure you we will play only the League scheduled games in the Park, and the calibre of baseball should be very fine.

Yours very truly,

AM:CCJ
